THE KEURIG® B3000SE: This, our largest and most advanced brewing system, is packed with features. The Keurig B3000SE is the way large offices make the coffee you, your office and your customers will love.

KEEP IT CLEAN: K-CUP AUTO-EJECT & EASY-TO-EMPTY BIN

After brewing, each K-Cup® Portion Pack auto-ejects and drops into a convenient K-Cup storage bin for later disposal. The brewer alerts you when the bin is full. If more used K-Cup storage is needed, a platform with a 70 K-Cup bin can be added.

AUTOMATIC REFILLS: DIRECT-WATER-LINE PLUMBING

With the brewer directly connected to a water-line, you can brew a new cup of coffee every 60 seconds without having to refill.

READ ALL ABOUT IT: EASY-TO-READ LCD INTERFACE

It's foolproof. The B3000SE's interface walks you through the brewing process in easy-to-follow steps, in your choice of three different languages — English, Spanish or French. Along the way, you can select from four brew sizes. There's even a hot water only selection.

SATISFY EVERY TASTE: FOUR BREW SIZES

Choose from four different brew strengths — from an intense 4 oz. brew that is ideal for iced coffee or espresso-like drinks, all the way to our milder 10 oz. brew. Because tastes differ.

FLIP AND FILL: DRIPTRAY FLIPS FOR TRAVEL MUGS

The large-capacity drip tray flips to accommodate travel mugs. It is designed for easy cleanup and versatility, plus it's dishwasher safe and easy to remove.

AN EYE FOR DETAILS: MUG AND K-CUP SENSORS

Can't think before your first cup? This brewer can. The B3000SE alerts you if there is no mug or K-Cup present, so there are no spills or accidental brewing without a K-Cup.

HARD WORKER: COMMERCIAL GRADE

This brewer is a rugged machine, built to commercial specifications and UL-approved for commercial use.

DRAIN AND STORE: DRAINABLE INTERNAL HOT WATER TANK

You can't get this from a home brewer. Only Keurig commercial brewers offer the option to easily drain and remove water from the internal hot water tank for long-term storage.

RECOUP COSTS: A VENDING OPTION

Make great coffee. And offset some of your costs. The Keurig B3000SE can be paired with a coin changer that takes US and Canadian coins: nickels, dimes, quarters and Canadian dollars.

There are over 200 varieties of coffee, tea, hot cocoa or brew over ice beverages available from over a dozen of the world's finest coffee and tea brands. So you can stock as many varieties as you want. With Keurig, everyone can brew the coffee they love.

HOW THE K-CUP® WORKS

KEURIG® IS NOT JUST ABOUT GREAT COFFEE. IT'S ABOUT THE WAY GREAT COFFEE IS MADE.

Keurig has redefined brewing by combining state-of-the-art brewer technology with our unique and patented K-Cup® Portion Pack. Within the K-Cup are all of the essential elements for brewing a single, perfect cup of coffee. So you get coffee you love, from a selection of over 200 varieties. But what you don't get is waste, mess or fuss. It's that simple.
